## Redesign Thermo Steuergeräte SG 1572D | 97821A → 97821B, .... | EN/DE - Id.No PCN-2024-010

DOCUMENT FOR EXTERNAL USE  
Date 13.12.2024

### Product Change Notification (PCN)

PCN-2024-010 EN / Rev. 2 16.09.2024

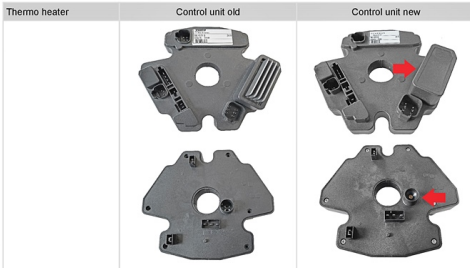

#### Betreff:

#### Redesign Thermo control unit - ECU 1572D

Reasons for change: Component discontinuation on PCB of the Thermo control unit.

- Effects:
- Changed appearance due to additional housing cover.
  - Flame monitor is now integrated into the control unit. When replacing a control unit, the previous flame guard is no longer required.
  - All identification numbers of Thermo control units increase in the index.

General: No changes to the technical data of the new control units. All Thermo heaters are interchangeable.

Spare parts relevance: Yes; see overview list below for affected control units.

Interchangeability: When using the old (short) dust protection kits 11136322\_ or 11136323\_ the new (long) dust protection kits 11149513\_ or 11149514\_ must be used. When using disc with riveted protective film (see illustration below), we recommend using the new (long) dust protection kits 11149513\_ or 11149514\_.

See installation instructions for dust protection 11137558B at [www.spheros.com](http://www.spheros.com) - Download Center.

Affected installations: All Thermo heaters

Changeover: From 1.7.2024

### Product Change Notification (PCN)

PCN-2024-010 EN / Rev. 2 16.09.2024

#### Overview of affected Thermo control units:

Control unit (programmed)	Ident. No. new	
	old	new
Control unit ECU 1572D KL I.E.S. (programmed)	63859F	63859G
Control unit ECU 1572D KL-Standard with CP-monitoring (programmed)	67981E	67981F
Control unit ECU 1572D MAGYAR (programmed)	96775C	96775D
Control unit ECU 1572D (K-Bus Standard) (programmed)	97808C	97808D
Control unit ECU 1572D Detroit Diesel (programmed)	97808D	97808E
Control unit ECU 1572D RAIL Standard (programmed)	97810D	97810E
Control unit ECU 1572D RAIL 19 V (programmed)	97812B	97812C
Control unit ECU 1572D hybrid (programmed)	97814D	97814E
Control unit ECU 1572D RAIL w/o CP-monitoring (programmed)	97818B	97818C
Control unit ECU 1572D EvoBus 2 (programmed)	97820B	97820C
Control unit ECU 1572D KL-Standard (programmed)	97821A	97821B
Control unit ECU 1572D ADL (programmed)	97823B	97823C
Control unit ECU 1572D EvoBus iS (programmed)	97826A	97826B
